

UNIVERSITY OF SOUTH FLORIDA ST.PETERSBURG
UNIVERSITY HONORS PROGRAM
INTERNATIONAL TRAVEL GRANT
Guidelines and Application

In coordination with the USF St. Petersburg Office of International Affairs, the Honors Program is instituting an international travel grant competition, available to University Honors Program students. The purpose of the travel grants is to support international travel related to Honors thesis research or other Honors projects. Each year, up to two grants will be available and awarded on a competitive basis. Each grant will be for up to \$500, though the actual amount of the grant may vary depending on the nature and cost of the travel involved.

The main criteria for the awards will be the importance of the proposed travel and the relevance of the trip to the student's Honors thesis or other Honors project. Certain restrictions apply both in where students may travel and in the nature of the research or study to be undertaken.

**** IMPORTANT ****

The deadline for application is April 1 each year. Not all applicants will receive an award, awards may not be granted every year, and the amount awarded will vary but will not exceed \$500. You must be a member of the University Honors Program during the travel period. Awards will be null and void should the student not meet the Honors Program eligibility requirements, leave the Honors Program, or leave the University. Incomplete applications will not be considered. Please contact the Honors Program director for more information.
