

CRIME ALERT!

USFSP POLICE

CRIME ALERT BULLETIN

#09-001

07/23/09

The purpose of crime alert bulletins is to inform the USF St. Petersburg community of incidents or activities occurring in the community that may pose a threat to their safety and security.

ATTENTION:

ARMED ROBBERY

LOCATION: On 2nd Street South between Residence Hall One and the Campus Activities Center

On Wednesday, 7/22/09 at approximately 8:51 PM two USF students were returning to Residence Hall One (RHO) from the Waterfront area. They were approached by two black male subjects, approximately 16-25 years of age, thin build, dark skin, wearing all black clothing and their faces covered with black bandannas. One suspect displayed a handgun and demanded both students' property and then struck one of the students with his pistol. The students ran to RHO for safety. The suspects left the area on one bicycle (one suspect on the handlebars) traveling south on 3rd Street South. Information received from St. Petersburg Police Department is that the suspects may have been involved in 2 other crimes off campus, as they match the description of the suspects in those incidents. The St. Petersburg Police Department assisted the USFSP Police Department in the search for the suspects.

REMEMBER:

- Members of the USF St. Petersburg community need to continually take precautions for their safety and protection.
- No item of personal property is worth more than your personal safety.
- If you see anyone who seems to need assistance contact University Police Services instead of approaching a stranger by yourself.
- Persons having information about ANY criminal incidents or who see ANY suspicious activity on campus are encouraged to **IMMEDIATELY** contact the University Police at 873-4140.

This alert is made public in compliance with the Jeanne Clery (Campus Security) Act.

USFSP POLICE ♦ 873-4140
